

Plan on a Page 2017/18

Our Vision: To empower, support and enable practices to work collectively to deliver improved quality and outcomes to the local population

Together we can provide excellent (primary) care services to our neighbourhood populations	We are about co-operation not competition	We are transparent and engaging	We have a right to provide services and a responsibility to deliver high quality care	We know that together we are stronger
--	---	---------------------------------	---	---------------------------------------

Lead the design of models of care in north Southwark by being the voice for primary care, representing members views and ideas

Prioritised Programmes			
Transforming Primary Care			
Proactive	Coordinated		Accessible
1. Population Health Management Contract	2. PMS Coordinated Care		5. Extended Primary Care Service (8-8 every day)
